## Brief Report

On the occasion of Science Day, the Gyan Dhara (Central Library) organized a special exhibition featuring a wide array of science books to celebrate the spirit of scientific knowledge dissemination. The exhibition aimed to foster curiosity, promote learning, and inspire the community to engage with various branches of science.

The exhibition was set up in the library's designated area, with bookshelves arranged systematically according to different scientific disciplines such as physics, chemistry, biology, astronomy, environmental science, and technology. Each section was marked with vibrant banners and signage for easy navigation. The exhibition showcased a diverse collection of science books, ranging from introductory texts for beginners to advanced research publications for seasoned professionals.

The science books exhibition was a resounding success, attracting a large number of visitors and generating enthusiasm for science literacy and education. Through an extensive collection of books, interactive displays, educational activities, and community engagement initiatives, the exhibition celebrated the achievements of science and inspired the next generation of scientists and innovators. We extend our gratitude to all participants, contributors, and supporters who made this event possible. The books exhibition organized by Dr. Reena Anand, Head Librarian.
